The article “Long non-coding RNA DLEU7-AS1 promotes the occurrence and development of colorectal cancer *via* Wnt/ β -catenin pathway”, by X.-B. Liu, C. Han, C.-Z. Sun, published in Eur Rev Med Pharmacol Sci 2018; 22 (1): 110-117–DOI: 10.26355/eurrev_201801_14107–PMID: 29364477 has been retracted by the authors as the data cannot be reproduced by further research.

This paper has been questioned on PubPeer (<https://pubpeer.com/publications/AC72791669051B50085FEC-00D0EF8F>). In particular, concerns were raised about Table I and the originality of Figures 3A and 3C.

The corresponding author states some data cannot be repeated by further research due to some inaccuracies and therefore decided to withdraw the manuscript.

This article has been retracted. The Publisher apologizes for any inconvenience this may cause.
