

SuperFast Track

Priority administrative handling within a designated Fast Track path.

We offer a separate fast appraisal and publication service for manuscripts. If you choose this procedure, it guarantees a full peer review, but it does not guarantee acceptance. Once a manuscript is accepted in its final form, it will be published in a full issue of the journal within 40 days; full details below.

The cost is Euro 1800.00 (plus VAT in Italy).

Note: there is an additional fee – Euro 200.00 – for articles (including 4 half-page figures and 4 half-page tables) from 30,000 to 45,000 characters spaces included. Articles over 45,000 characters and with more than 4 half-page figures and 4 half-page tables – spaces included – shall be charged as established via previous agreements.

Each additional half-page table costs Euro 100.00. Each additional half-page figure costs Euro 50.00.

Each supplementary table costs Euro 100.00. Each supplementary figure costs Euro 50.00.

This service will not slow the standard prompt service provided by the journal.

An invoice will be issued by Verduci Editore for the submission fee on receipt of an initial request to use our “Superfast” process – please provide us with full details to whom this invoice should be sent (including an email address and/or fax number). This procedure will not be active from July 20th to August 31st.
